WORK EXPERIENCE

Freelance UI/UX Designer & Web Developer
Honesty India Home Oil Mill | Nashik, Maharashtra
October 2026 – Present

- Designed and developed an interactive website for a business specializing in home oil mill machines and oil extraction.
- Created responsive website layouts to showcase oil mill machines, product features, and business offerings.
- Organized product information to help customers understand machine functionality and the oil extraction process.
- Developed and launched a live website to establish the business's online presence and improve product visibility.

PROJECTS

Breath Yoga — Wellness and AR Yoga Platform

- Designed a wellness platform for guided yoga and meditation.
- Developed user flows and interactive wireframes for onboarding and progress tracking.
- Explored AR-based pose correction for interactive yoga experiences.

FreshMart — Quick-Commerce Grocery Platform

- Designed a grocery delivery interface with intuitive product categories.
- Structured product grids and quick-add interactions for efficient shopping.
- Developed user flows around a 20-minute delivery concept.

CodeSkin — Skincare E-Commerce Platform

- Designed a skincare e-commerce interface featuring a 60-second skin-matching quiz.
- Created interactive product showcases and educational blog sections.
- Structured user journeys connecting personalized recommendations with product discovery.

Medlink Bridge — Telehealth Platform

- Designed a digital healthcare platform connecting patients and doctors.
- Developed a three-step appointment-booking workflow.
- Designed separate patient and doctor portals for organized healthcare interactions.
